

Dear Student,

TCS iON, a leader in digital assessments and learning, invites you along with your parents to an exclusive workshop on '**TCS iON Industry Honour Certification (IHC) – Your bridge to industry readiness**' on **Monday 15<sup>th</sup> June 2020, 7 PM to 8 PM IST**. In this workshop, we will discuss and express views on how to empower yourselves for future-ready competencies that the industry demands today.

Click [here](#) to register **yourself and your parents** to join the workshop on the scheduled date.

**Ravindra Kembhavi, Chief Education Evangelist, TCS iON** will share the following key perspectives with you and your parents during the workshop:

1. How TCS iON's Industry Honor Certification (IHC) can help you to build your skills and align competencies with the current industry requirements?
2. How to build a strong foundation for your corporate careers?
3. How TCS iON IHC can help you get access to relevant job opportunities?

We hope you will leverage this opportunity and actively participate in the workshop along with your parents.

#### About the Certification

#### **TCS iON Industry Honour Certification (TCS iON IHC)**

IHC is an outcome linked course designed jointly by industry, academia for higher education that is aligned with your academic curriculum & meets AICTE requirements. Students go through digital & multimodal content, interact with industry and academic experts, learn hands-on through industry assignments & practice tests, gain a digital certificate and get support from TCS for internships & job opportunities with partner corporates.
